A 'normal' workday for a Dental Nurse will consist of the following core responsibilities:

- * Preparing fillings and other materials
- * Providing support and reassurance to the patient
- * Sterilising instruments
- * Processing and filing x-rays
- * Tidying and cleaning the dental surgery
- * Recording and filing information about patients
- * Advising patients on oral hygiene
- * Carrying out stock control

Outside of these, your Dental Nurse job description can vary depending on your setting of work.
